

Date: January 25, 2021

To: Jeffrey Perrine

From: Sacramento County Republican Party Executive Committee

We are writing in response to your comments published today in the Sacramento Bee. Prior to the publishing of today's article, you led us to believe you had not been a member of the Proud Boys since 2018, which according to your words is not true. Rather than denouncing your previous statement regarding violent acts toward illegal immigrants, you doubled down by saying it was not racist.

It is our unanimous belief that your views and actions are not consistent with the mission or values of the Sacramento County Republican Party, constituting "bad conduct", and we hereby give notice that we will recommend your removal from the Central Committee at the February 17 Committee Meeting.

If you wish to resign immediately, that will make this action no longer necessary. We will need to receive your resignation message by return email or in writing.

We ask you to take this seriously and to understand that we will always take actions that we believe are in the best interest of the Republican Party. That is the job of a Central Committee Member.
