Sacramento County Republicans Celebrate Election Victory

Sacramento, Calif.— (November 7, 2024) The voters have spoken. They do want change in the USA, and they want President-Elect Donald Trump and Vice President-Elect J.D. Vance to lead our country back to prosperity, sovereignty, safety, and strength. “After two attempted impeachments, a weaponized Department of Justice trying to jail the former President, two attempts on his life, and a non-stop barrage of vitriolic name-calling and lies, Donald J. Trump has demonstrated he is not only a survivor, but the leader our country needs to reverse the course of the new Democrat Party and their foreign influencers,” said Sacramento County Republican Party Chair Betsy Mahan.

Now that Vice President Harris has conceded, and President Biden has called for Democrats to “bring down the temperature”, it’s up to the current Administration to get through the remainder of their term mindful that Americans don’t want them to impose any changes that would create roadblocks to the incoming Administration’s agenda. “President Biden said the will of the people should prevail,” said Mahan, “and we hold him to that promise.”

President Trump and Congress have a mandate from the People to bring back our economy and stop the suffering. “We still need to confirm that the House will remain in Republican control, but indicators are that we have won the trifecta and will be able to let Americans see how Republican policies can improve their lives,” said Mahan. “I am so optimistic about our national leaders, and those who have been elected or re-elected at the local and state levels. Our local school boards will have better transparency and a focus on academics, and more Republicans will be represented in the State Legislature, bringing needed balance to the Democrat supermajority that now rules. The incredible support for Prop 36, and the loss of several Newsom Administration staffers who ran for office, is also an indication that the Governor has no future in politics. His hypocrisy and his anti-business policies have been exposed as detrimental to the needs of Californians.”

The Sacramento County Republican Party is confident we now have a new way forward, unburdened by what has been for the past four years!
